

# Curriculum Statement

## **Aim:**

1. To encourage each child to have a desire to discover, learn and gain independence whilst being considerate and aware of others within a group.
2. To develop the potential of each child.
3. To help our children become articulate, inventive, inquisitive, purposeful and caring members of the community.
4. To provide quality learning experiences for all the children. Learning which is structured, balanced, relevant to the child and related to the real world.
5. To allow the children to succeed through an understanding and stimulating environment.
6. To work in partnership with parents to provide a space for children which encourages them to develop their full potential academically, socially and emotionally.
7. Above all to give the children a happy and positive space that supports their curriculum and provides equal learning and development opportunities for all the children within Clever Kids Learning Hub.

Clever Kids Learning Hub uses the Love2Learn Curriculum to accomplish the aims stated above for all students up to Grade 9.

The Love2Learn Curriculum covers Grade R to Grade 9. For Grade 10 and Grade 11 the Cambridge IGCSE online programme is used. In Grade 12 our students have the option to complete either the Cambridge AS Level course or the American GED (General Education Diploma). Both these courses are presented online and recognised by USAF, previously known as HESA.
